Collect 2 sets, 3 sets and 4 sets — for completion of a big diorama.

One set of NITTO's diorama series will be well enjoyable, but if 2 sets, 3 sets or 4 sets are collectively arranged, you can make a big diorama which appeals strongly to you.

Three-fold

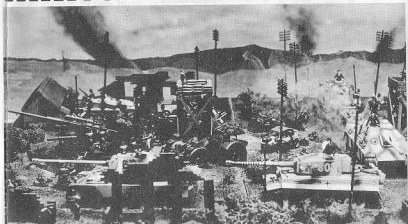

Collective diorama composed of No.1 panzer G-type set of the series arranged on the left side, combined with No.5 half-truck set and No.3 Jagd Panzer set.

Four-fold

Collective diorama composed of No.1 Panzer G-type set on left inner side, No.5 half-truck set on the right inner side, No.4 105mm gun set on the left front side and No.6, No.3 truck set on the right front side.

NITTO KAGAKU CO., LTD.

3-24-20 CHUO EDOGAWA-KU TOKYO 132 JAPAN

NOTE: After taking the contents out, tear and throw the empty bags away, so that little children not play with.

PARTS DRAWING

105 mm gun

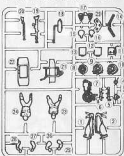

Diorama holder

Color powder

B.M.W. side car ... 2 sheets

Items equipped

Watch stand

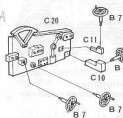

"Let's start with careful attention to the instructions!"

- Read the Diagram with care before you start.
- Make some tools ready like a knife, a file a nipper, etc.
- Painting should be precisely, referred to each item and the last page.
- Use our Model Colors in painting.

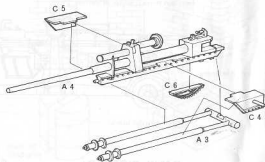

- 1 Bond A3, C4, C5, and C6 to A4.

- 2 Start assembling referring to the following diagram. Bond B7, C10, and C11 to C20, then B7 to C10. Bond C18 and C19 to C20 which has been assembled as shown in the above diagram. Set the barrel at the place shown in the diagram, then bond C21. (This time C4, C5, C20, C21 are not bonded.) Bond C1, C2, C3, C7 as shown in the diagram.

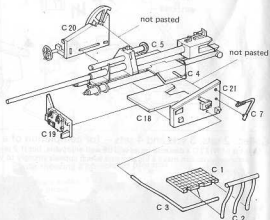

2A

1 Barrel assembling

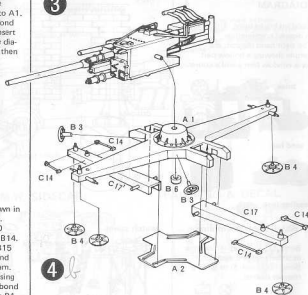

2 Gun carriage assembling

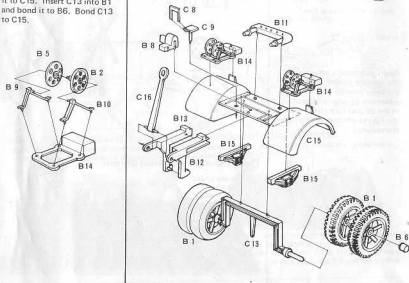

- 2 Insert the dowel of the carriage assembled by the procedure of 2 above into A1. Bond B6 to the dowel. Bond B4 and C14 to C17 and insert it into A1 as shown in the diagram. Bond A2 with A1, then bond B3 and B4 to A1.

3

- 4 Make assembly as shown in the following diagram. Bond B2, B5, B9 and B10 together, then bond it to B14. Bond B8, B11, B14 and B15 to C15 bonded with C8 and C9, referring to the diagram. Bond B12 to B13 interposing C16 between them, then bond it to C15. Insert C13 into B1 and bond it to B6. Bond C13 to C15.

4

- 5 If you wish to show the moving state of 105 mm gun, fold C17 and attach a tractor as shown in the diagram.

[Figures(soldiers) painting]

[B. M. W. SIDECAR]

1 Put **17**, **1**, **2**, **11**, **15**, and **16** on **7** together with glue, and do **19** last.

2 Set up **3**, **3**, **5** and **10** together, as illustrate shown.

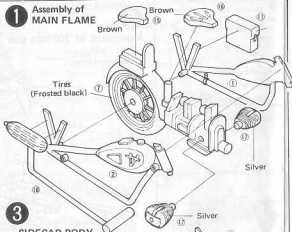

2 FRONT FORK

3 Set up the parts; **1**, **3**, **12**, **13**, **19**, **21** and **22** as the illustrated.

4 Fix the Sidecar and the Main Frame of Motor Bicycle together as the illustrate. Set the Front Fork on the Main Frame and **20**. Making a Soldier consists of **23**, **25** and **26**, then place it in the Sidecar with glue. Making a Driver consists of **24**, **27**, **28** and **29**, then place it on the Motor Bicycle with glue. Fix **16** and **4** on the Front Fork with glue.

[EQUIPMENT ASSEMBLY] DIAGRAM

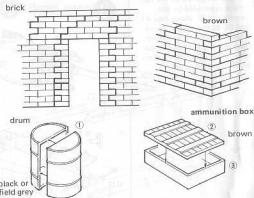

Build up bricks using **6** **7** **8** **9** in desired combination. The right-hand diagram is a sample showing a hollow part for a window frame and a corner.

Watch stand assembling

Bond **1** **2** **3** and **4** together as shown in the diagram. Bond **5** **7** and **8** to **5** in a manner desired.

Apply carpenter's adhesives to the diorama holder, and sprinkle the color powder over it. Make a diorama by arranging each kit in the desired formation. (Paste the figures which don't stand by themselves.)

watch stand

attach a ladder at a desired place.
